

Great news for all Amadeus Subscribers.....!!

Continental Airlines has been successfully implemented in Amadeus Access Update supporting Dynamic Schedules!!!!

AMADEUS ACCESS UPDATE PROVIDES CONTINENTAL AIRLINES :

- To load & update schedules in real-time (Dynamic Schedules)
- To ensure a secure synchronization of flight schedules between CO & Amadeus.
- To update the Posting Levels via non-numeric AVS messages.

BENEFITS :

- **Maximize sales opportunities** with provision of real-time availability to travel agents.
- **Increase flexibility** to create or adjust your product offer while maintaining up-to-date and reliable information within Amadeus principal displays at all times.
- **Avoid lost sales** as Amadeus displays are always synchronized with the airline inventory.
- **Reduce manual handling and passenger servicing.**
