

## Amadeus Ticket Changer Is Now Available On Air France / KLM / Delta Airlines

### Dear Trade Partner,

With immediate effect, re-issuing an Air France, KLM & Delta Airlines ticket has become a lot simpler. Amadeus Ticket Changer (ATC) allows you to automatically recalculate and prepare documents for the issuance of voluntary reissues or revalidations of electronic tickets based on the IATA industry standard.

In 4 simple steps, you will be able to automatically retrieve a booking; update changes to flight numbers, travel dates, booking classes; get the applicable fare changes in relevant currency; and complete reissuance of the document-taking the weight off your shoulders and ensuring error-free transactions.

- ✓ With Amadeus Ticket Changer you can service your customers' change requests anywhere in the world – in a matter of seconds – giving them the right fare and penalty charge at any point of sale
- ✓ Completely automates the painful ticket change process using ATPCO and SITA cat 31 rules
- ✓ Offering unique integration benefits with Amadeus ticketing solution
- ✓ Saves up to an impressive 25 minutes per re-issued ticket
- ✓ In a few key strokes the multitude of functions required to make a change is expertly taken care of by the fully automated process.

Kindly get in touch with the Amadeus Helpdesk to switch on this functionality and take advantage of this development
