

IMPORTANT WEBCONFIG ANNOUNCEMENT

SITES TO BE ADDED IN INTERNET EXPLORER (IE)

With effect from 14th FEB'07 the following sites to be added as mandatory in the Trusted Sites Option of your Internet Explorer (all versions) with the following addresses in order to ensure compatibility between Webconfig and Internet Explorer 7.0

<https://amadeusvista.com>

https://*.amadeusvista.com

https://*.webconfig.amadeus.com

<https://1a.amadeusvista.com> - (In case of BT lines, please add the above 3 plus this URL in the Trusted Sites i.e. 4 sites to be added)

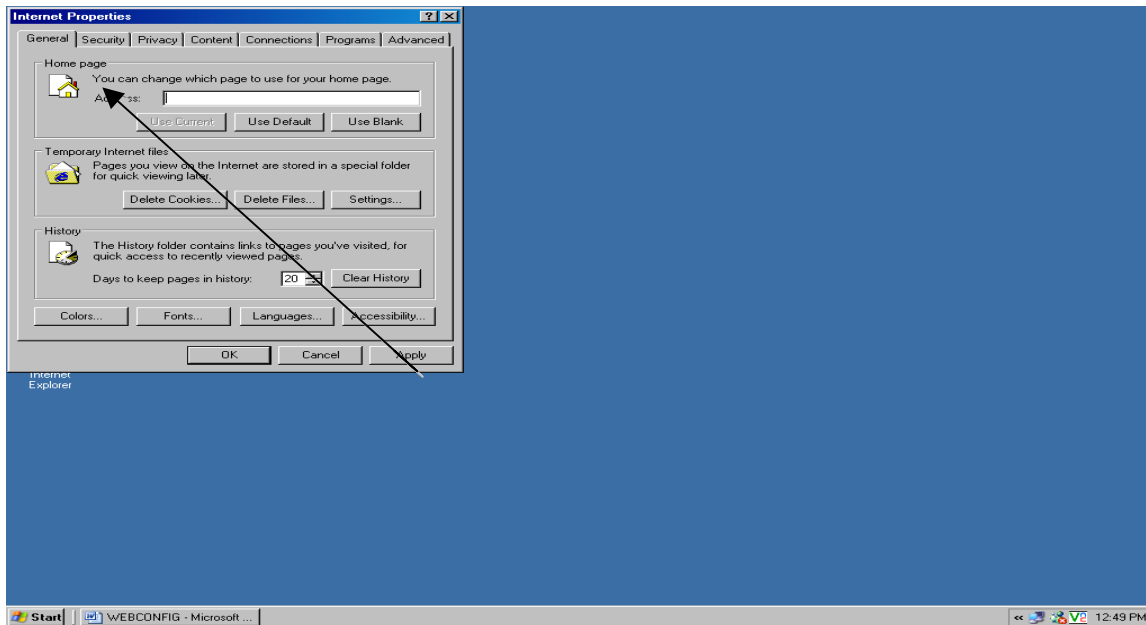

Find below the steps to be followed to add the sites in the IE.

1. Place the mouse pointer in the IE icon on desktop and right click Mouse.

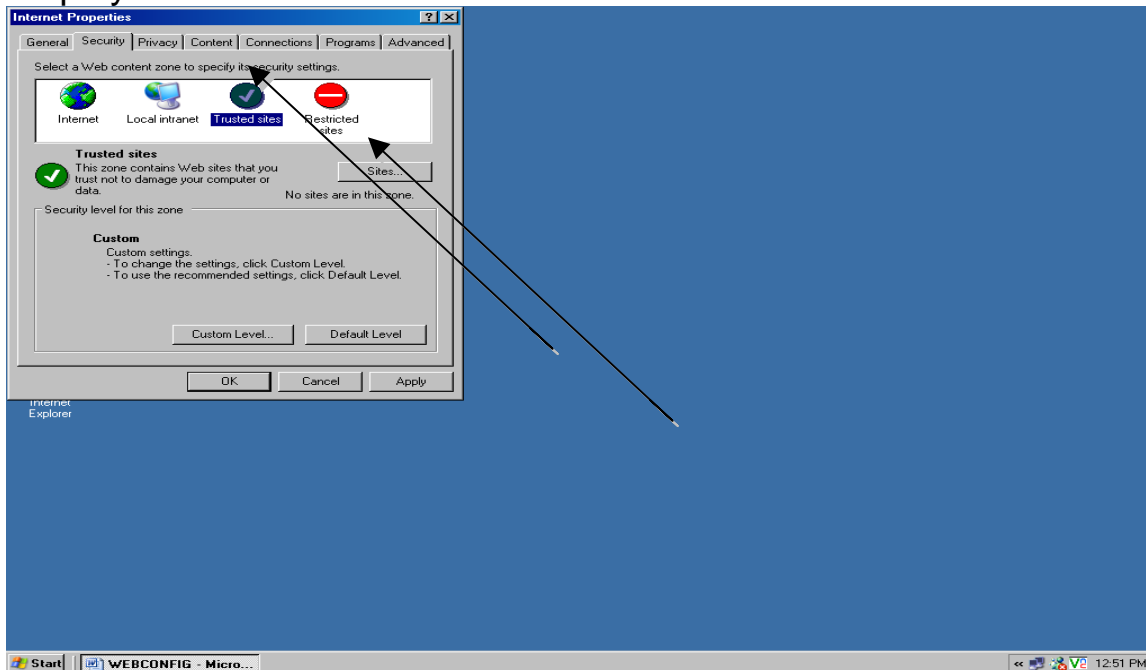

2. Choose the “Properties column” and left click to open. You will get the

following screen.

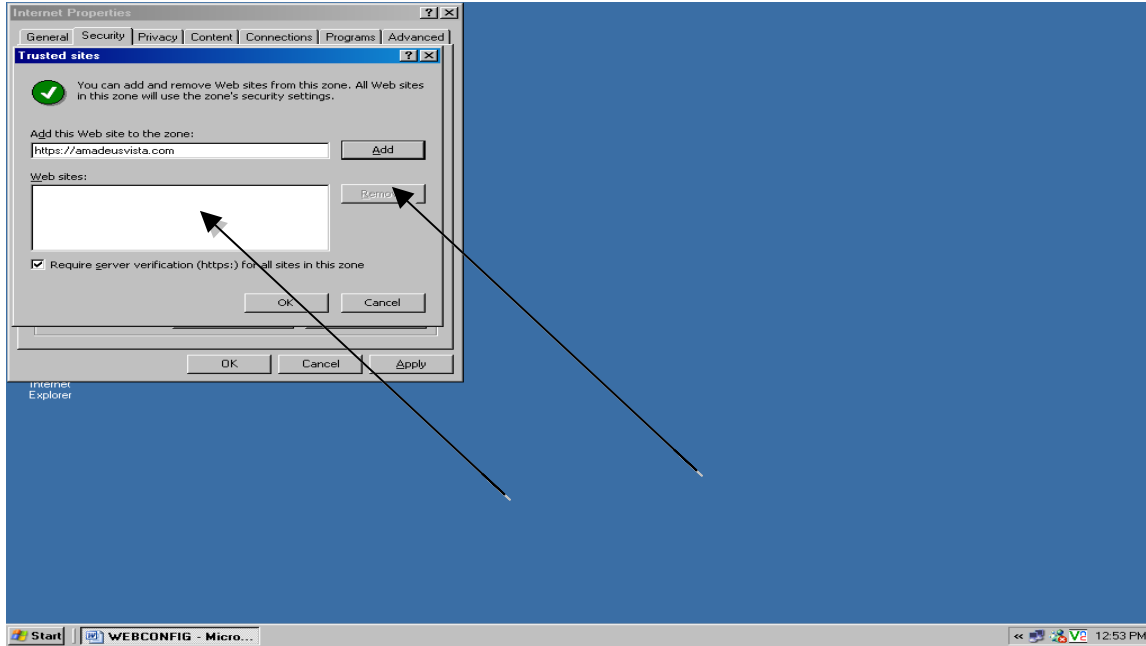

3. Click on the “Security” Tab from the above box to get the following Displayed.

4. Click on the “Trusted Sites” icon and then click on the “Sites” Button.Type the sites and press “Add” icon as shown below one by one and press “OK”

to save the settings in the IE.
